FABRIC

Bamboo Charcoal

As part of our eco3® effort, this player-accepted and in-demand performance fabric is a great fit with any baseball uniform.

CAGEMESH

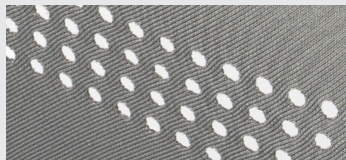

This lightweight performance fabric is just like the caps the pros wear on-field. Its sharp and clean look, and moisture wicking properties keep you cool and dry during the most intense games.

PTMESH

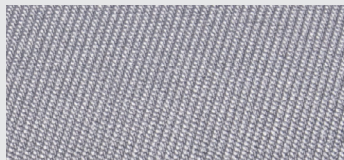

ProTech Mesh is engineered for athletes. It has a lightweight fit with a stretchy, smooth texture.

AIR

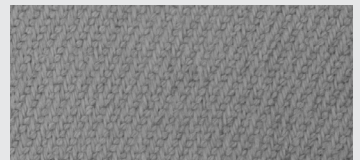

Our Perforated Performance fabric allows for optimum air flow through its perforated side panels to increase cooling capabilities. This fabric has a jersey sheen that will complement any uniform.

PHENOM

At first glance, PHENOM looks like a heavy-duty canvas fabric, but you have to feel it to believe how soft it actually is. This is a performance twill you will likely find among other athletic apparel.

Premium WOOL BLEND

Our Premium Wool Blend fabric is made with 2% spandex, so there is just enough give in the fit to make it even more comfortable. This fabric helps you achieve a classic throwback look without sacrificing technology or performance.

Q3® Fabric

Q3® technology wicks moisture away from the skin and transfers it to the fabric's surface for evaporation.

QTech™ Cooling Fabric

QTech™ wicks moisture to provide a rapid cooling sensation that is cool touch.

eco3® | Preserve. Endure. Sustain.

Each eco3® cap has an environmentally friendly feature designed to preserve, endure & sustain.

FIT

Perfect Fit Performance

ProFlex® gives you the look and feel of a fitted cap with the comfort and flexibility of a stretchable sweatband.

ProFlex® Adjustable Fit

Get the best of both worlds with an adjustable closure, plus the added comfort of a 360° ProFlex® sweatband.

Wear It How You Want It

Every flat visor we sell is made to fit each player's preference, and can be worn flat or curved.
