WHAT IS SUBLIMATION?

► SUBLIMATION takes the precision of digital printing and combines it with the art of apparel design. With custom patterns, numbers, and logos we are able to print on every inch of the garment.

Using high quality performance fabric, sublimation fuses fabric and ink before the garment is assembled, creating a permanent bond that will not crack or peel. Whether you are looking for stylish practice gear or a sharp summer uniform, there are no limits to what you can do with sublimation.
