JOIN OUR **TEAM**

As the only technical swim brand born and bred in the United States, we believe that engineering the most advanced products is more than just a goal, it's a requirement. Since our inception in 1985, TYR Sport has grown to support many of the nation's top NCAA swimming and diving programs and is fronted by a team of history making athletes including Olympic Gold Medalists Katie Ledecky, Ryan Lochte and Simone Manuel.

Our customizable team gear, which includes everything from competition swimsuits to bags and apparel, is an ideal way for athletes to turn heads, in and out of the pool. For elite level racing, we've introduced the most advanced technical suit on the market: the TYR Venzo™. When paired alongside the all new Tracer-X Racing Goggles, we've created a combination that's nearly impossible to beat. To take your training to the next level, you'll want to check out our state-of-the-art Hydroblade Fins and the Catalyst Stroke Training Paddles. Both are designed to increase speed, enhance strength and boost overall performance in the water. Finally, on deck we are excited to offer a range of all new warm up and apparel options.

Regardless of age, product needs or performance level, when you're a part of TYR, you're always in front.

OPTECH™ LENS

Polarized, Optech P polycarbonate lenses, are engineered and tested to perform under the most demanding conditions. Built-in UV400 protects against UVA and UVB rays, while impact resistant ANSI Z87 construction provides shatter proof performance. Scratch Resistant, Smudge Resistant and Water Repellent.

HTS™ FRAME

Lightweight HTS High Tensile Strength frames are the perfect combination of strength and flexibility. Designed to bend but never break, our ergo sport shaping provides the fit athletes need and the durability they demand.

NO-SLIP GRIP

No-Slip TPE Grip rubber padding creates multi-directional traction, while relieving pressure where it matters most.
